

## 1325

*Tally*  
**DASCOM**

Tally Dascom's 1325 flat-bed serial dot matrix printer, is a 24 pin, 80 column printer with USB and parallel interfaces as standard. The 1325 is ideal for front office applications in retail outlets, travel agents, train stations, banks and doctor's surgeries where space is limited.

With high quality output, an easy to use control panel and the option to use pre-cut or tractor fed paper, the 1325 is ideal for counter-top printing applications such as, tickets, receipts, forms and multi-part documents.

### Highlights at a glance

- Compact 24-pin flat-bed printer
- Up to 498 characters per second
- Ideal for front office applications
- Auto switching USB and parallel interface
- Long life ribbon
- Small footprint

The long life ribbon of the 1325 means fewer ribbon changes, less downtime and lower running costs. With print speeds of 498 characters per second (cps) and flexible media handling it keeps transactions smooth and the user happy.

The 1325 is a reliable and easy to use printer, with low running costs and a space saving size.

Available Configuration:

- **1325** Standard Product
